## Green turtle (*Chelonia mydas*)

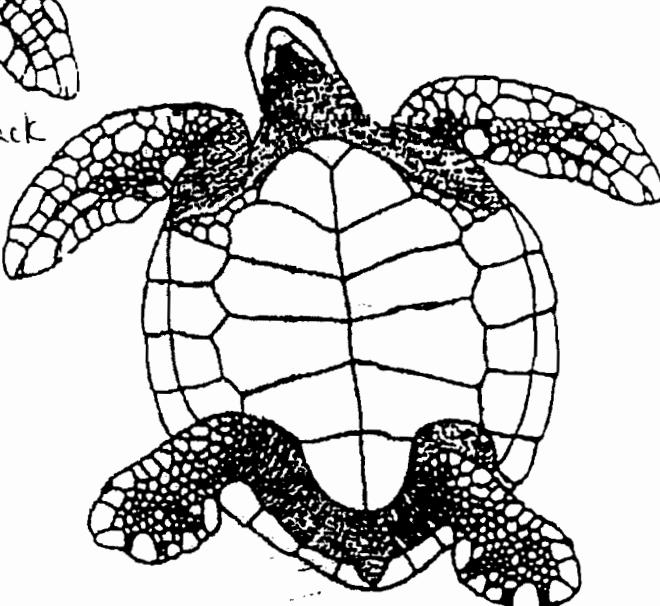

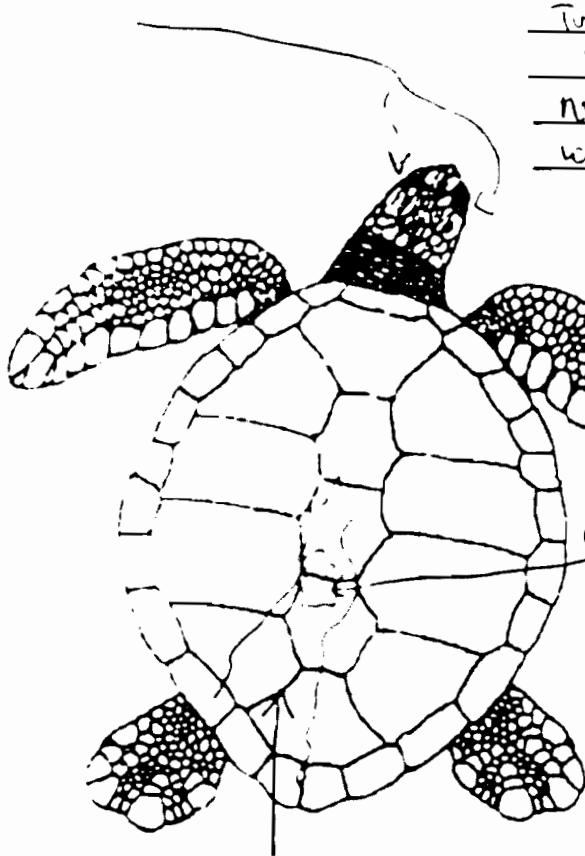

Shade areas of turtle that are missing; sketch cracks and lacerations

Comments: Found on overflow screen (stbd)

1445 HR. Recurred breathing  
responsive to sound + touch but  
not light. Both eyes injured,  
I did not investigate to what  
extent. Both ~~retinal~~ both eye  
bleeding when recovered  
Transported to NORTA Galveston LAB  
For treatment.

WT 31c curved  
width (curved) 28cm
